TRAINING / COURSES

JavaScript course from mahara tech website

Node js course from mahara tech website

EXPERIENCE

Backend Developer

MaharaTech - ITIMooca

📅 07/2023 - 12/2024   📍 Online

Under the supervision of the Egyptian Ministry of Communications and Information Technology, specialized educational content is provided by a group of experts to teach languages and help Egyptian and Arab youth start their careers or develop their skills in information technology.

- In this training, I learned JavaScript, BOM (Browser Object Model), DOM (Document Object Model), OOP (Object-Oriented Programming), Node.js, MongoDB, RESTful APIs using Express.js, npm, authentication, authorization, and error handling.

SKILLS

HTML	JavaScript	Node js
My SQL	Git	GitHub	Mongodb
Express.js		

PROJECTS

Medco

📅 07/2023 - 06/2024   📍 Location

Medco is a web and mobile application that helps people obtain medicine for free. Users can inquire about their illnesses, and the application suggests appropriate treatments based on the provided information.
